Sulfur Wicks and Disks

Wicks and disks are the easiest way to sulfur your barrels when they are empty and being stored. We recommend about 1/3 of a wick to sulfur a 60 gallon barrel. Our sulfur disks (10g, 5g or 2 1/2g) are imported from France and are a bit easier to use than wicks. Consider purchasing a stainless steel sulfur burner designed to hold either disks or wicks.

- Sulfur wicks \$ 11.50 per lb. (about 20 wicks)
\$465.00 per 50 lb case
- Sulfur disks \$ 19.95 per kilo (2.2 lbs.)
\$360.00 per 20 kilo case
- Sulfur burner (stainless steel basket and hook) \$55.00
